# FALCK – a partner you can rely on

The Danish company Falck has business activities in 23 countries on five continents, employing 17370 people. 7000 are employed with ambulance and other emergency medical services.

For more than 103 years, it has been Falck's mission to prevent accidents, disease and emergency situations; to rescue and assist people in emergencies and to rehabilitate people after illness and injury.

Operating nearly 1000 ambulances, Falck is the largest private ambulance operator in Europe, providing emergency ambulance services and other emergency medical services to the public in seven countries.

Falck is the largest privately operated fire fighting service in Europe. We supply a range of services within health, safety and roadside assistance to corporate, public and private customers in several European countries. Falck is the world's leading provider of rescue and safety services to the oil, gas and maritime sector, operating 22 training centres worldwide.

Falck offers a range of services to international airports such as fire fighting, emergency medical rescue, health clinics, assistance to people with reduced mobility, crisis management, training and patient transports.
